Local Stream Projects 2019-2020

Company Name	Amount	Project Summary
NovaVive Inc.	\$25,000.00	This project supported the development of a proprietary immunomodulator technology platform: mycobacterium cell wall fraction (MCWF). It is a technology that has been approved to treat various diseases of cattle and horses and is used to replace antibiotics use for these species.
PEC Food Hub	\$25,000.00	Providing startup funds for the now Prince Edward County Food Hub (a registered NFP), this project brought together local partner and community members to develop programs that source, secure, and serve: agri-food clients and developed agri-food startups that are looking to scale up operations in a new, resource-rich food hub.
FireRein Inc.	\$40,000.00	This project supported the rapid expansion and sale of fire-prevention products that avoid the use of Perfluorooctanoic acids (PFOAs), which are associated with health risks in sufficient concentrations in drinking water, according to Health Canada.
Vortex Coffee/Dispatch Coffee	\$27,690.60	Encouraging both collaboration and competition, this project brought together two enterprises from the beverage sector to power expansion to new markets.
Hardway Cider Co. Ltd.	\$25,00.00	To meet planned growth demand, this project supported innovation by funding new equipment to improve efficiencies in juice production, cider maturation, and packaging.
Longworth Craft Co. Inc.	\$25,000.00	This project supported the adoption of new technology, encouraging growth, and increasing product awareness to meet increased demand for competition.

Lighthall Vineyards Inc.	\$25,000.00	Supporting the collaboration between wine makers and sheep and dairy farmers, this project provided funds for the expansion of the Lighthall Vineyard as well as the construction of a new stand-alone facility.
Corp. of the County of PEC	\$30,000.00	In the spirit of entrepreneurship, this project helped develop a Small Business Advisory program that supports both start-up and existing business thrive.
Slake Brewing Inc.	\$30,500.00	By encouraging innovation, this project supported the development of new craft products such as, decoction-mashed beverages, turbid-mashed and coolship-inoculated liquid, and drinks created with local fruit, botanicals and grains grown locally in Prince Edward County.
Stinson Studios Inc.	\$27,899.55	This project encouraged growth and process innovation by supporting increased production of products with strong international demand, the adoption of next generation technology, rural job creation, and lean production management.
SVX	\$69,814.60	This project supported a number of programs over two years, including: Sustainable Food and Agtech Bootcamps and investment readiness accelerators; and the All-in-Impact Gathering enterprise showcase.
Scaling Strategic Sectors for Impact – Sustainable Food	\$86,500.00	This locally led project supported scaling by food and beverage processors that were experiencing surging demand for a range of products from: wine to craft beer to artisanal sodas, sauces, and foods. The producers of these bottled goods face similar challenges: difficulty acquiring capital to adopt technology and scale; fragmented supply chains; vertical integration that is lagging; non-concurrent action; and limited product diversification. The project stimulated direct investments by private companies in innovation capital, leveraging more than \$400,000 in private investment. The project included: Parsons Brewing Company; Pyramid Ferments Inc.; PEC Foods Inc.; Prince Eddy's Brewing Co. LTD.; Karlo Estates Inc.; Gibbons Goats; and Hinterland Wine Co. Ltd.
Topsy Farms Ltd.	\$38,500.00	This project supported the development of a new products for luxury markets, creating new employment, and encouraging collaboration between local wool producers.
Triplan Inc.	\$69,242.04	With a focus on tourism and business, this project supported the development of an Airport Travel Companion App as well as a Smart Travel App, which involved key stakeholders responding to changes in travel patterns, including amid the global pandemic.

MacKinnon Brewing and Distilling Ltd.	\$25,000.00	Supporting market exploration as well as well as fulfilling high demand within the local market, this project supported the adoption of new equipment to vastly improve production, including: the installation of state of the art fermentation and brite tanks, a high efficiency glycol chiller and an innovative CIP system.
Grain Discovery Corp.	\$24,948.01	This project encouraged innovation and competitiveness by supporting the development of a secure online marketplace – a digital ecosystem - for the agricultural industry, that combines both price discovery and traceability at the same time enhancing the relationship between farmers and grains buyers, as well as opening up exposure to a larger pool of customers across a local, regional, and global levels.
Island Light Inc.	\$51,675.00	This project will support the adoption of innovative models, practices, and technologies in the local food supply chain, from producers and growers, to the farm gate and farmers markets, to intermediaries, platform-providers, co-packers, retailers, and commercial hospitality and food processors. The project will bring together innovative enterprises and stakeholders from Prince Edward County, Frontenac, and Hastings County.
The Napanee Beer Company	\$25,000.00	This project will allow the company to invest into a cloud-based monitoring and operating system. This new technology will allow them to operate in the same way a large scale industrial brewery manufacturer produces, while also providing the platform to develop and expand their unique product line-up. This project will also support the company in adapting to the COVID-19 pandemic.
Corp. of the County of L&A / Napanee Chamber of	\$25,000.00	This project supported collaboration between the County of Lennox and Addington and the district Chamber of Commerce to develop a compelling marketing campaign and digital marketing platform geared towards attracting business investment, and encouraging entrepreneurial activity in the region.
